

LPG RECEIVING TERMINAL DELIVERABLE LISTS

No.	Main Activities	Sub Activities
1	Project Milestone Schedule	Level-1 Schedule
2	Technical Specification	Specification for General Specification for Materials Specification for Concrete Specification for Testing of Materials and Workmanship Specification for Road and Paving Specification for Earth works Specification for Structural Steelworks Specification for Marine painting to steelworks Specification for Steel Sheet Pile Specification for Building Works Specification for pipe materials Specification for Pump Specification for Recover Flower Specification for Reliquified Compressor Specification for Condensor Specification for Storage Tank Specification for Loading Arm Specification for Navigation Aids Specification for Power Panel Board Specification for Power Cable Works Specification for Lighting System Specification for Power Monitoring System Specification for Lighting System Specification for LV Switchgear, MCC Specification for Transformer
3	Process Flow Diagram	P&ID Layout Material Balance Report
5	Main Equipment Lists	Storage Tank Piping Pump Recover Flower Reliquified Compressor Condensor Loading Arm Navigation Aids Power Cable Lighting Tower Transformer LV Switchgear
6	Plant Layout	Receiving Facilities Layout Storage Tank Layout Distribution Facilities Layout
7	Bill of Quantities	Bill of Quantities
8	ITB Document	ITB Document
